DIRECTIONS FOR USE
USE RUBBER GLOVES TO AVOID STAINING OF HANDS

1. Determine water volume (acre-feet) as follows:
[Length (ft) x Width (ft) x Average Depth (ft)]/43560 = Acre-feet.
2. Apply 10-14 fl oz per acre-foot of water as determined in #1 above.
3. May be poured directly into the water at several locations or into streams in recirculating systems to enhance dispersion.
4. More product may be added to maintain desired coloration.

PRECAUTIONARY STATEMENTS:

CAUTION: Contains Red 40, Acid Blue 9, and Yellow Dyes. Concentrated product may cause eye or skin irritation. Do not get in eyes, on skin or on clothing. Wear safety glasses or goggles and rubber gloves when handling. Do not taste or swallow. Wash hands thoroughly with soap and water after use. Remove and wash contaminated clothing before reuse. Do not mix with any other chemical. Concentrated product can stain fabric and other porous surfaces.

WATER USE RESTRICTIONS:

TrueBlack may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with TrueBlack may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. Do not apply to water that will be used for human consumption.

STORAGE AND DISPOSAL:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow to freeze. Wear rubber gloves when handling. Avoid contact with skin, eyes and clothing. Wash empty container thoroughly after use and dispose in accordance to state and local regulations. If ingested in large amounts, induce vomiting. For small cleanups and surface stains, use a diluted bleach solution. TrueBlack has a two year shelf life.

**IN CASE OF EMERGENCY, CALL
1-800-222-1222.**

Have the product container or label with you when calling a poison control center or doctor or going for treatment.
